# WELCOME TO OUR COMPANY

Arma Çelik is a Turkish based steel trading company that produces industrial solutions in local and international markets. Our company has been built up in 2023 by three partners having different kind of knowledges and experiences in steel tube industry. The firm is established with the objective of delivering highest level of communication, transparency, commitment and exceptional service, to all parties.

Arma Çelik is a young and dynamic company which has over 20 years of professional experience in the trading of steel products as tubes, hollow sections, coils and plates. Overrolling and Second Choice Steel Tube Trading is the core business of ARMA ÇELİK.

# WHAT DO YOU KNOW ABOUT OUR COMPANY?

Arma Çelik was founded to help connect suppliers and customers in steel industry. Arma Çelik's team of professionals offer dedicated and consultative experience, and we focus on helping our customers while building long term relationship with each individual that we work with.

We provide fast response and reliable technical consultation in close cooperation with our customers before and after the sales process. Our organization is made of professionals who always provide the best solutions for the business. Having a principle of 'being one step ahead', we're dedicated to provide a high level of customer service.

# WHAT DO YOU KNOW ABOUT OUR COMPANY?

The main goal of our company is to ensure full customer satisfaction, for this reason we constantly monitor steel markets in order to obtain the best product at the best price for our partners. We'd like to establish long-term business relationships with you for mutual benefit.

Main supplier of ARMA ÇELİK, Borusan Boru, provides qualified products and services in its modern integrated facilities for our customers. Serving to our customers and delivering synergetic solutions in the cost effective way is a consistent discipline in Borusan Boru. Water pipes, oil and gas line pipes, industrial pipes and profiles, installation pipes, OCTG pipes and hollow sections are in the product range of Borusan Boru.

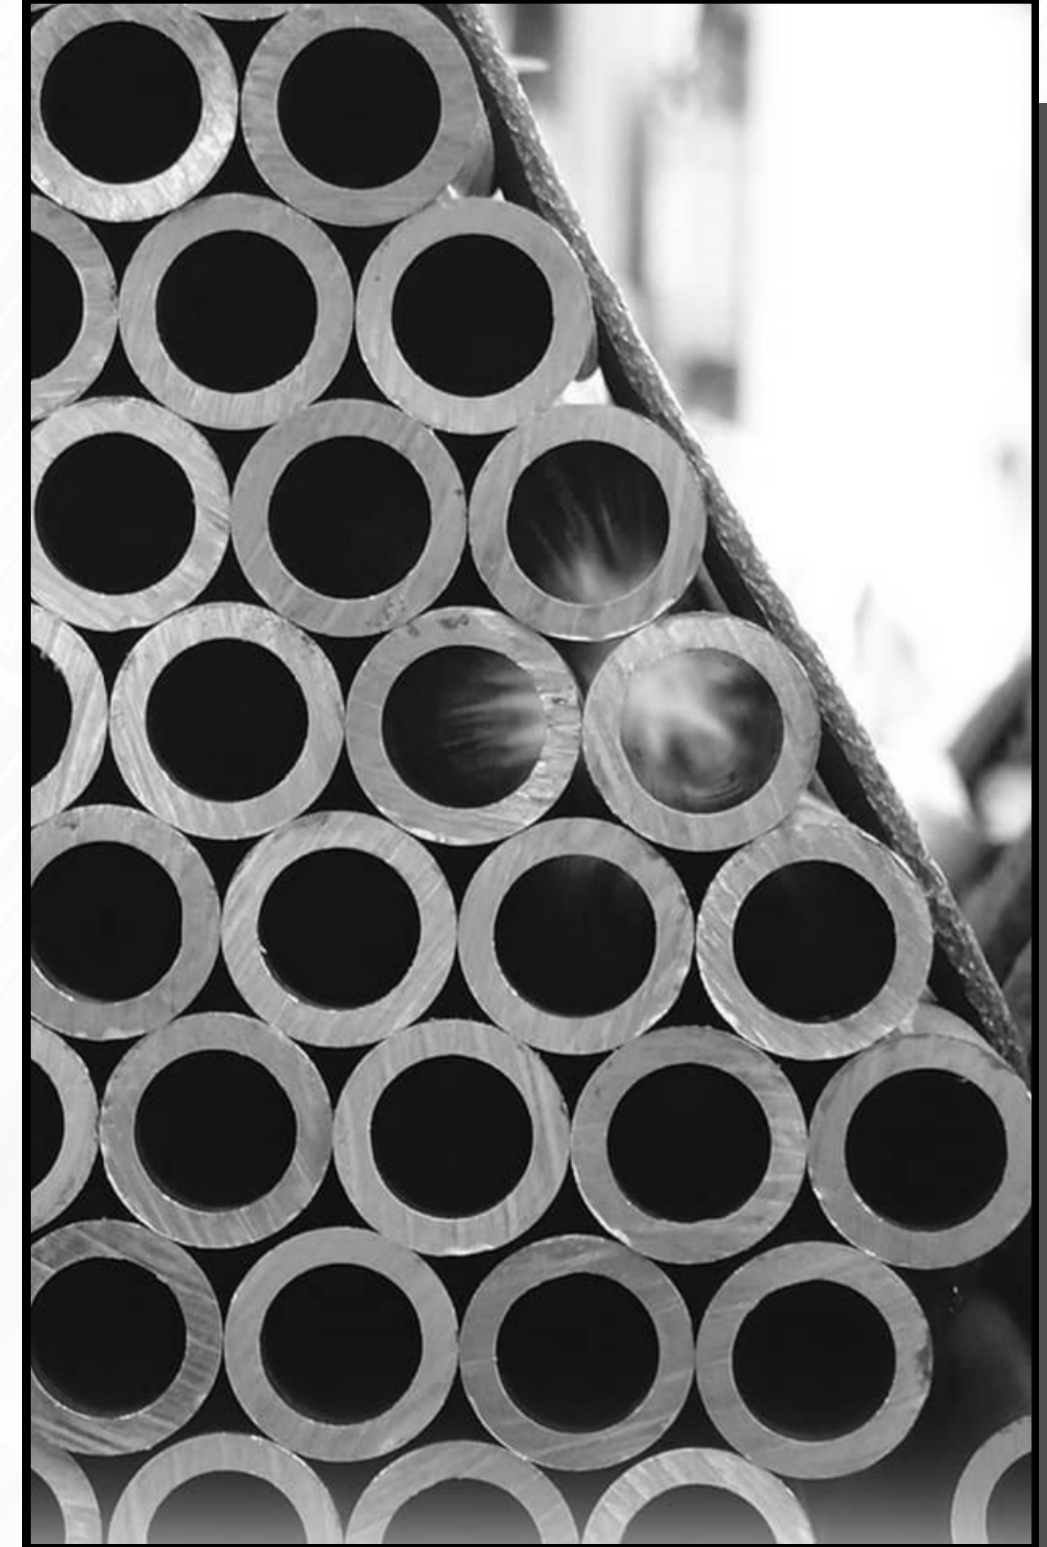

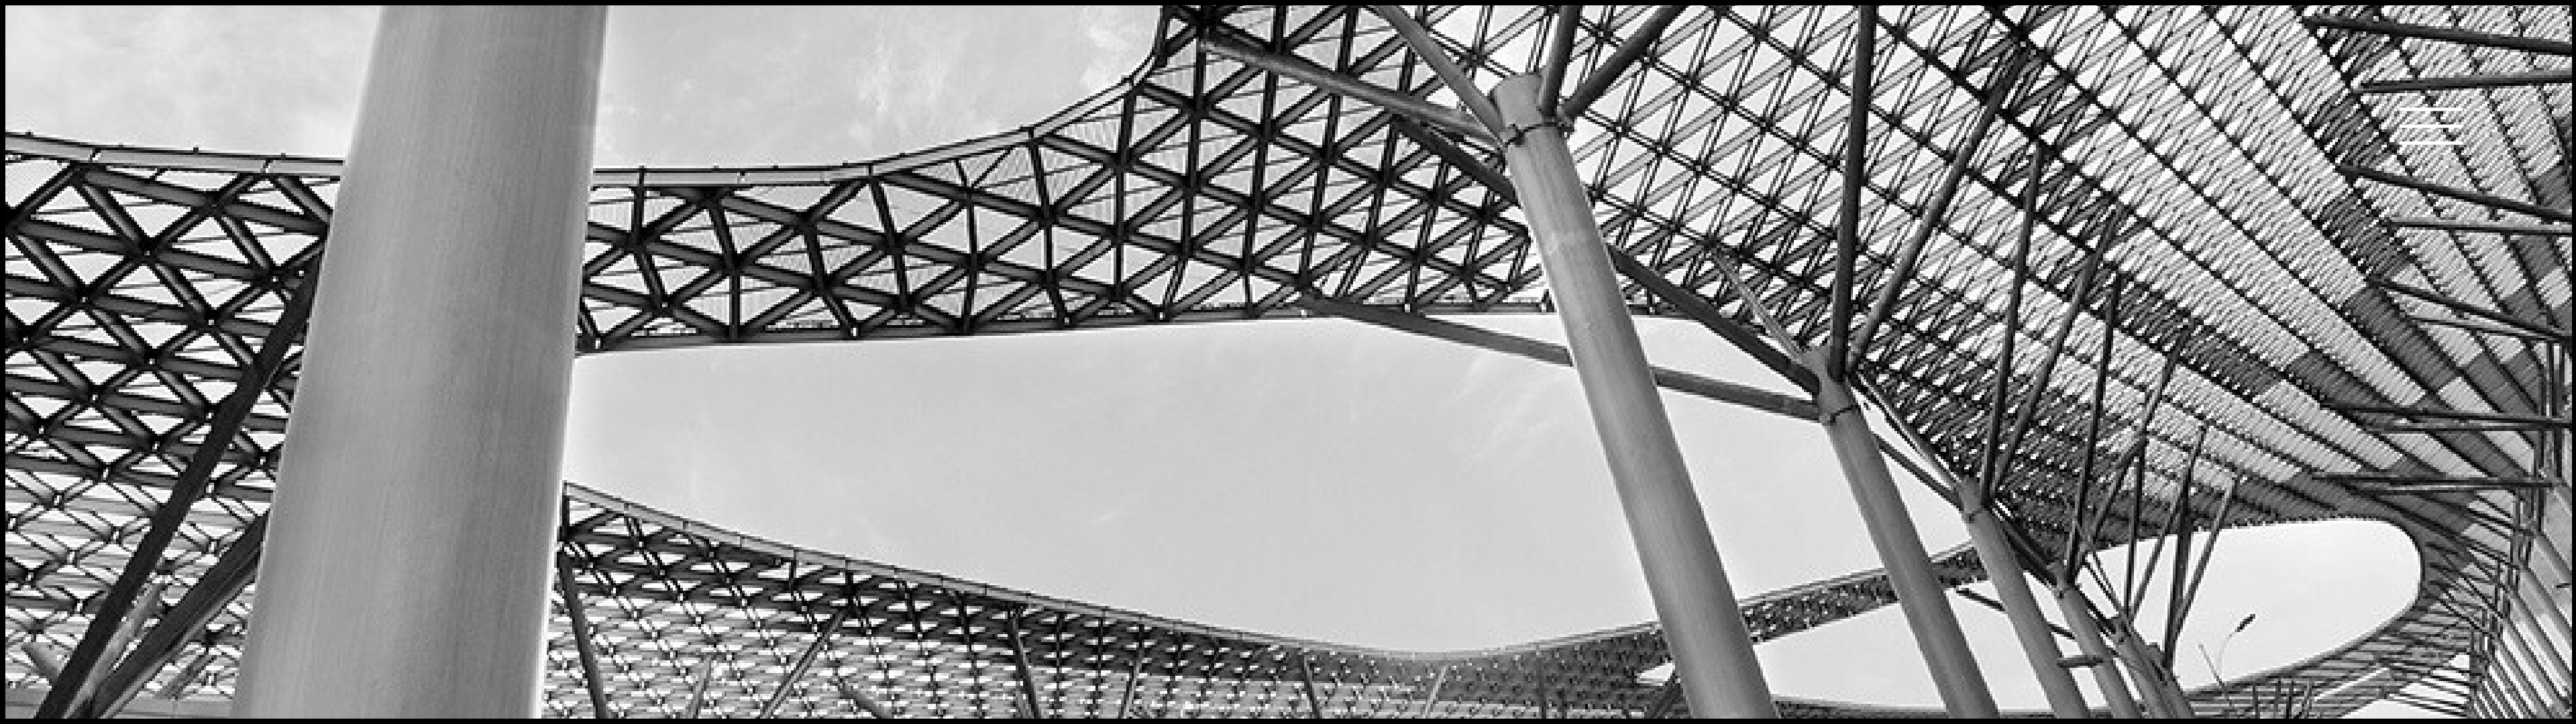

# WHAT DO YOU KNOW ABOUT OUR COMPANY?

Arma Çelik regularly provides shipping to many different destinations in the world. This ability gives us an important edge on deliveries. We're working with professional delivery partners that provide services of chartering and project transportation, as well as international bulk, container, land and railway transportation.

Our solution partners in logistics with their reliable services and tracking systems in international transportation, create value for us in terms of our "port to door" deliveries.
